In managing the Fund's liquidity, we will:</p> <ul style="list-style-type: none"> <li>(i) ensure the Fund maintains sufficient Islamic liquid assets to meet redemption requests from Members;</li> <li>(ii) regularly review the Fund's investment portfolio including its liquidity profile;</li> <li>(iii) monitor the Fund's net flows against redemption requests during normal and adverse market conditions to ensure the Fund has sufficient cash holdings to mitigate any potential risk in not being able to meet the redemption requests from Members; and</li> <li>(iv) where applicable, obtain Islamic cash financing on a temporary basis for the purpose of meeting redemption requests for Units and for short-term bridging requirements.</li> </ul> <p>However, if we have exhausted the above avenue, we will, in consultation with the Scheme Trustee and having considered the interests of the Members, resort to suspend the redemption of Units to manage the liquidity of the Fund under exceptional circumstances, where the fair value of a material portion of the Fund's assets cannot be reasonably determined. Any redemption request received by us during the suspension period will only be accepted and processed on the next Business Day after the cessation of suspension of the Fund. Please refer to section 8.14 – Suspension of Dealing in Units for further details.</p>
